Termination of Partnership

Dear Sirs,

as successor of Mr. Martin Schnauer I am responsible for the partnership agreements of Witzenmann.

Today I am referring to the "Confirmation of Partnership", dated 09.03.2007, issued by Mr. Schnauer.

In the last years Witzenmann Russia has grown and has established a strong market presence in Russia. Witzenman-Russia has set-up own production facilities, sales teams and covers the full range of the HYDRA-product-portfolio and services.

Witzenmann Headquarters have decided to give full market-responsibility to Witzenmann-Russia. As a conclusion we need to cancel our confirmation of partnership with CM Trade.

For the future we would be glad to keep you as customers of Witzenmann Russia.
Your contact are:Konstantin Danilov

Thank you very much for your understanding.

Kind regards
